## ABOUT US

Best Mannequins is represented by the Swedish company Endito AB - Butiksinredarna established in 2007 striving to design and manufacture affordable visual merchandising

products for the global fashion and retail industry.

With a clear focus on innovation and quality, we have continued to expand our expertise step by step and proudly boast a portfolio of own brand collections.

For immediate delivery, we provide a broad spectrum of: - display mannequins

- dressforms & torso's
- clothing racks & hangers
- accessory displays
- shop fittings

Short deadlines are never a problem thanks to our large stock and excellent aftersales service.

Their mission is to scout international trends in the fashion industry and to ensure our collections are always one step ahead in the market. In our 3D lab, we design mannequins with a body language as close to real-life as possible.

Prototyping is now faster than ever before thanks to the implementation of in-house 3D technologies such as 3D scanning, virtual sculpting and industrial 3D printers. Our skilled 3D sculptor strives to develop that charismatic mannequin, which is perfectly in line with the customer's brand identity.

We cater to an incredibly diverse clientele: from museums to sports brands, high fashion to workwear, from small boutiques just around the corner to big retail chains all over Europe.

BEST MANNEQUINS has the expertise for bringing out the BEST in your collections or shop.
