Inspiring our customers is our trademark which makes our creative team the beating heart at Best Mannequins.

Their mission is to scout international trends in the fashion industry and to ensure our collections are always one step ahead in the market. In our 3D lab, we design mannequins with a body language as close to real-life as possible.

Prototyping is now faster than ever before thanks to the implementation of in-house 3D technologies such as 3D scanning, virtual sculpting and industrial 3D printers. Our skilled 3D sculptor strives to develop that charismatic mannequin, which is perfectly in line with the customer's brand identity.

We cater to an incredibly diverse clientele: from museums to sports brands, high fashion to workwear, from small boutiques just around the corner to big retail chains all over Europe.
